Subject: TSCA Workgroup Meeting this Morning
Attachments: ATT00001.txt; 2018-Plan-of-Activities_Meeting-Summary_120518.docx; TiO2 and PCBs 2018_12_28 DRAFT.pdf

Good morning TSCA Workgroup members – attached are the minutes from our most recent meeting held on December 5, 2018. Also attached is the draft work product from Lauren Heine regarding her research on TiO2. Because of the federal furlough, I am not sure if we will have EPA participation this morning, and the holidays have also limited the activities since the last meeting. Lisa Dally Wilson will not be attending today so we will not be discussing any progress on the work shop development. Therefore, as for the agenda this morning, I would like Lauren to spend some time providing a summary of her attached work product, and then we can simply do a roundtable to see if there are any updates to the TSCA activities since our last meeting.

Chat with you some of you at 10:00.

Doug
